Turkish Journal of Endocrinology and Metabolism

JOURNAL OF THE SOCIETY OF ENDOCRINOLOGY AND METABOLISM OF TURKEY

EDITORIAL

Dear Colleagues,

As we are publishing the 3rd issue of volume fifteen of Turk JEM, it is our pleasure to observe that Turk JEM is continuing publication with the submission of original articles, case reports and reviews from our local and foreign autors in English as well as Turkish. We believe that this multilingual publication will provide enourmous contributions to academic progress of our young colleagues.

In this last issue of our Journal, you will find some interesting papers which are "Biphasic insülin analogues in type 2 diabetes , expert panel recommendations", "Oxidative stress markers in metabolic syndrome", "Association of Sp1 Colagen Type Ig1 gene polymorphisim with the bone mineral density", "Evaluation of the clinical features of the women patients with macroprolactinemia","Adrenal ganglioneuroma"and "Diabetic ketoasidosis. Mimicing hyperemesis gravidarım". We hope that this papers will attract your interest.

Dear Coleagues,

We would like to express our sincere appreciation to those, who has contributed to Turk JEM and hope remarkable time for scientific achievements in the field of Endocrinology and Metabolic Diseases.

With my highest regards,

Nilgün Başkal
Editor-in-Chief
